Connecticut and New Jersey Democratic.

Evening News from Points Said to Be in Doubt.

Another and very sepsational explanation for the extraordinary drop in Cleveland's plurality in Kings County comes from Brooklyn. It is asserted that the vote for the Democratic

National ticket was reduced by a sudden and systematic outlay of money. Kings County was the one unprotected plank in

the Democratic ship, and the Republicans directed their engines of war against it. While the Democratic managers were using

every effort to keep their vote up in this city, and were watching every movement of the enemy less any should be stolen, they overlooked the big city across the river.

lican manager in this campaign were, it it said, secretly despatched to Brooklyn, armed with the crisp two-dollar bills that proved so effective in Indiana four years ago. Prior to their raid they were given minute in-

structions as to what they should do. The 175 election districts in Brooklyn were divided into sections and a man was assigned to each section, with orders to buy as many votes as he could without exciting suspicion

It had been calculated that if only four or five voters could be bought in each election district it would oring the total up to nearly 2,000 votes. added to the Republicans, made a difference of

It is alleged that a difference of at least 4,000 or 8,000 votes were taken from Cleveland in this way, and that close to \$10,000 was put out to do it. Chairman Murtha, of the Democratic Executive

this city to-day, and it was said there that he was in Brooklyn investigating the alleged frauds. When the Democratic National Committee issued

a bulletin at 2.50 o'clock this afternoon to the effect that the election in New York would have to be decided by an official count, and that it would take three days before a positive result could be arrived at, an Evening World reporter called at the Democratio State Headquarters in the Hoff

He inquired if the official count had anything to 60 with the slieged frauds in Kings County, and was informed that it had, It was intimated by a gentleman who seemed to be in authority that the ballot boxes in Kings

County would be reopened and an official count made of the ballots contained in them. The Republicans maint that there are no grounds for accusations of fraud about the Kings County

Cleveland's plurality in Kings County was made during the early part of election night to be 19,000, and that this impression was spread over the city. Then the securate returns came in, showing that

his plurality was less than 12,000.

They assert that the cry of fraud is simply the

clutching at a straw and won't amount to any-

hing. Chairman Quay said that he had heard that the emocrats had made an attempt to steal Kings County. "But they can't do it," he said, grimly. There may be some interesting developments in this matter, but nobody seems to think that the Kings County vote can be materially changed.

BRICE STILL HOPEFUL

He Says He Still Expects the Country Losses to Be Made Up.

Chairman Brice said this evening to an EVENING WORLD reporter: "We haven't given up the election yet by any means. Cleveland has gained targety in every manufacturing city throughout the State. His majority is very much greater in this city than it was in 1884, and so it is in every other city in the State. It is in the agricultural districts that we have been experience ing losses. If the present rate of loss keeps up throughout the State the indications are that Harrison will carry the State. But there is no reason to suppose that such will be the case. We are waiting now for the full returns from up the State, and we shall certainly not give up the fight until we are beaten. In Kings County there seems to have been some complication as to the amount of Cleve-land's majority, but as yet we know nothing definitely." "Do you think there is any hope left?" asked the reporter. "Of course there is hope. It seems to be certain now that Cleveland has carried Indiana, and it is very probable that we have carried this State as well. New Jersey has gone solld for Cleveland and Connecticut is in line."

" How do you account for the fact that Gov. Hill ran so much shead of the National ticket?"
"The reason is obvious. Miller's position on

the high-license question was more than enough to kill him, and it did kill him." Secretary McClelland, of the Campaign Committee, was asked what he thought of the possi-bility of Cleveland's election. "We haven't given up yet," he said, "and we shan't until all the returns are in. There seems a very good

ILLINOIS IS REPUBLICAN.

ISPECIAL TO THE WORLD, 1 lack of information here about Illinois. It is not definitely known even this evening who is elected Governor. The State Democratic and Republican committees have heard nothing or next to nothing since 7 a. M. A few precincts in a dozen additional counties have been reported to the newspapers. These figures support the claim of 3,000 plurality for Fifer, and indicate 15,000 for

CONNECTICUT FOR CLEVELAND.

SEPECIAL TO THE EVENING WORLD.) for Cleveland by a plurality of 429, with two towns to hear from. If these towns give the same vote as in 1884, Cleveland's plurality will be 365, with Harwinton and Warren to hear from.

The vote is: Cleveland, 74.11; Harrison, 74.392; Plak, 8, 924; Labor, 130.

The vote of 1884 was: Cleveland, 67, 171; Blaine, 65, 903; St. John, 2, 492; Butler, 1, 686.

For Governor, with Harwinton, Warren and Somers missing, Morris (Dem.) runs ahead of Bulkeley 1, 511, with a Prohibition vote of 4, 689.

The Legislature will be Republican by 30 and will elect Bulkeley. The Republicans have gained two Congressmen, W. E. Simonds (Rep.) over Vance by 828 and Prederick Miles (Rep.) over Vance by 828 and Prederick Miles (Rep.) over Vance mour by 60. The delegation will be three Republicans and one Democrat. for Cleveland by a plurality of 429, with two towns

this State are very incomplete. There are be-tween 1,700 and 1,800 precincts in this State. Retween 1,700 and 1,800 precincts in this State. Returns from 273 precincts, including Marion County, show a net Democratic gain of 555. Returns from 500 precincts show a net Republican gain of 3,777. This, Marion County, has certainly gone Democratic, the entire ticket being elected by from 500 to 500. It will take the complete vote to determine the result in the State. The Sentinet and Secretary Sheerin, of the National Democratic Committee, say the State is certainly Democratic, waite the Journal and Chairman Husston of the Republican Committee are as condiden that the State is Republican. The News, Independent, says the State is in doubt, but the chances are in favor of the Republicans. The exact result will not be known before tomorrow.

but the chances are in favor of the Republicans. The exact result will not be known before tomorrow.

Indianapolis, Nov. 7.—11 a. m.—The feeling at this writing is one of uncertainty. Demo-rating gains are shown in returns from Marion County, but some of the strongest Republican wards and precincts are yet to hear from, Both sides claim the State, but each admit that it may go either way. The latest reports show that in 440 out of 1,806 precincts in the State, Harrison has a net gain of 2800, important reports are expected every minute and the excitement on the street is intense. The Republicans are inclined to be jubulant over the indications showing teen. Harrison's election, but feel, as one gentleman expressed it, that the sauce is spoiled by the seasoning of Indiana Democrats.

Indianapolis, Nov. 7—1.20 F. M.—Seven hundred precincts out of 1,805 give Harrison 116,693, Cleveland 101,463. The same precincts in 1884 gave Blaine 101,031, theveland 98,851—net Republican gain of 5,663 over 1884.

CALIFORNIA.

Democrats Positively Claim the State New -Sas Francisco's Vote.

SAN FRANCISCO, Cel., Nov. 7.—The returns re-ceived from the interior look well for Cleveland. His probable majority in this city in 7,000. The State is now positively claimed by the Democrats. *

San Francisco, Nov. 7.—Indications are that California goes Democratic, but returns not all in. Southern part of State shows Democratic gains where Republicans claimed all new settlers in San Francisco. It is probably a sweep for Cleveland. Count is very slow.

Robert Ferrall (Dem.) is probably elected to suo coed W. W. Morrow is the Fourth Congressional District, though his majority will not be large. T. J. Clunic (Dem.) may be re-listed in the second, but the other districts seem safe for the Republicans.

San Francisco, Nov. 7, 11 a. M.—Forty-two His probable majority in this city is 7,000. The

precincts in the State of Nevada, out of 172, give Harrison 5, 147; Cleveland, 2, 584.

Three of the precincts given are incomplete, and give count only up to 9 a. M.

Forty-two precincts above named in 1884 gave Blaine, 3, 166; Cleveland, 2, 584.

WHAT THE RETURNS RECEIVED SHOW.

Figures on the Presidential Vote in This State Carefully Summurized.

THE EVENING WORLD has received complete returns from thirty-seven of the sixty counties in New York State, exclusive of New York and Kings. These counties give Harrison a net plu-rality of 58,070 and show a Republican gain of 18,047 over Blaine's vote in 1884.

The counties yet to hear from (among them Albany) gave Blaine in 1884 a plurality of 18,280. Should Gen, Harrison do no more than maintain the vote of 1884 his plurality outside of New York and Kings will be 76, 550. According to the returns now given in Kings Cleveland has a plurality of 11, 857 and New York County has given him

Thus it will be seen that the Republicans will come to Harten Bridge with 76, 350 (allowing no gains for Harrison in counties not yet reported), and that Kinge and New York counties, according to the present returns, give Cieveland 68, 619, showing a plurality in New York State for Harrison of 7, 738.

The figures which have been given in the papers generally for the outstanding twenty-one counties have been merely estimates. In this table The EVENING WORLD omits all estimates and publishes only actual returns.

A Clean Sweep of the Whole of New York County.

Grant's Plurality Over Hewitt Reaches 43,207.

The Latest Returns Put Hewitt Close to Third in the Race.

Tammany Hall sachems and warriors are shak ing hands with themselves to-day. They are unant ous in their joy over tasir remarkable victory. Says a sachem: "The Counties, when asked the other day what they would do if Hewitt were de feated, replied, 'Oh, we have the patronage of the Federal administration.' But that backing is gone now, and Hewitt is in the soup.
"What will poor Robin do then?"

The Democrats of this city elected a solid dele gation to the Fifty-first Congress. That was glory, but Tammany succeeded in gaining a victory fo her own candidates for Congress wherever they had had one. And that was a greater glory.

but Tammany succeeded in galaling a victory for her own candidates for Congress wherever they had had one. And that was a greater glory.

They whipped the Counties and they walloped the Republicans in every contest.

What wonder, then, that in the lobby of the Fourteenth street wigwam this morning they grasped hands in a circle and executed a wardance? A dance of joy, despite the National defeat which they had tought manfully to avert.

The best part of the whole event of election in the hearts of the braves is that despite the Eght to the death between them and the Counties there is to be found in the returns no indication of systematic trading.

Last night at Tammany Hall, while 4,000 men were yelling themselves hoarse and ladies were waving bandannas from the galleries on either side as the early and favorable returns came in, Tammany shook hands with herself.

There was oratory and the flourish of trumpets, for old Tammany had a right to expect that the Democrate in Kings County and the up country had done as she had done.

But when the reports began to indicate that the farmers were cutting out the Democratic gains of the cities the venerable Gen. John Cochrane gave his benediction to the roaring congregation and the hall was shut up.

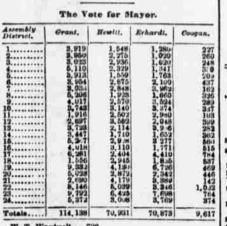

It was a bold stroke, that of putting into the field the very incarnation of Tammany, Hugh J. Grant, in the face of a people's nomination. But that gives the victory of yesterday an especial flavor, and must carry to the hearts of the clique who got up that Copper Union "spontancity" a pang not at all agreeable.

And what of Col. James J. Coogan, of the Bowery, Third avenue and Mott Haven?

His vote, 61t, in a poil of 284, 539. He expected not less than 90,000.

The vote in the Mayoralty contest presents an interesting study. Grant received 114, 138; Erkardt was third with 70, 531; Wardwell, 770; and Cynthia Leonard got 8. There are twenty-line election districts missing.

Virginia Sure for Cleveland. [SPECIAL TO THE EVENING WORLD.]
RICHMOND, Va., Nov. 7. — Unofficial returns up to

Attermond, va., Nov. t. — Unometal returns up to 6.30 o'clock, this morning from forty-five counties and eleven cities in the State show Democratic losses of 5.760 and gains of 3.544, as compared with the vote of 1884, when Cleveland carried the State by 6.003 majority.

The remaining counties to hear from there is good reason to believe will be more Javorable to the Democrats, but even should the same ratio of loss and gain be observed, Cleveland would still carry the State. to-day held by Medical Examiner Beck upon the body of Nathaniel W. Howard, who died last night after lying unconscious 100 hours from injuries sustained in the vicinity of the United States
Hotel. A skull fracture three foches long was
found two inches above the right ear. Jost how
Howard was burt has not yet been proven, but the
autopsy disclosed certain features that lead to the
belief that Howard was the victim of four play.
The police have been investigating to-day, and a
cook at the United States Home says he heard
some one ask Howard on the night of the injury for
a match, and then heard a voice exclaim: "Lay

KINGS!

Why Did You Defeat Cleveland?

The Democratic Ticket Beaten Over the Big Bridge.

This Is the Notable Feature of the Situation.

What Boss McLaughlin Has to Say About It.

As the smoke of the contest clears away, it is plain that Kings County is largely respo Cleveland's defeat.

Had Kings County stood shoulder to shoulde with New York County Cleveland would have been

Had Kings merely held its own with 1834, Harrison's margin would have been extremely narrow, if any had been left him. In 1884 Kings gave Cleveland 15,729 plurality. In 1888 Kings gave him only about 11, 257 pluras

ity, a loss of 4, 372 votes. The revelation of the why and wherefore of this lefection of Kings County will be exceedingly in-

In Gravesend alone, McKane's disaffecter matrict, Creveland lost 209 and Harrison gains Cleveland also lost 422 votes in Platbush

An EVENING WORLD reporter found Boss Mo-Laughlin at his handsome residence, No. 163 Remsen street.

He had just arisen and got downstairs to breakfast. He was scated alone at the head of the
table when the reporter was admitted. He was
ev idently in a bad humor. A frown marred the
usually pleasant appearance of his ruddy features.

'I would like to know how you account for the
heavy loss to the Democracy in Kings?" said the
reporter.

aff. James Dunn, the keeper of the City Hall, and a prominent politician, said:

"I attribute the failing off to an organized movement among the republicans to one up up all the votes they could get, and the sacrificing of Cleveland in many of the county townships for the sake of the local ticket.

"This is illustrated in the vote cast in Gravesend, a formerly strong Democratic town which gave Cleveland a majority last time. Look at the figures this morning, which give 834 for Harrison and only 222 for Cleveland. Think of that, in Joan Y. McKane's district, too.

"If you compare the ward votes with those of last time, you will find, with few exceptions, that there is a slight falling off in each. It is an easy matter to buy a few votes in each ward, and toe combined number will help decrease the plurality.

"There was a prominent Republican down in the Sixth Ward that was aurrounded by len heelers whom I know positively to be Democrats, but were hired to vote the Republican ticket and persuade their friends to the same sourse.

Managing Editor Effry of the Standard-Union said that Cleveland's low vote was due to the fear in his manufacutring city that his party, if successful, would force free trade.

Editor Bernard Peters, of the Brooklyn Times, said: "I am of the colinion that is Kings County there was a caimer and a more thorough discussion of the main issue. the Tariff, and that fewer side issues and diverting a reacies were at work to divert the mints of voters. Besides, Brooklyn is made up largely of an intelligent middle class who, on National issues, are not to go Republican in their sympathies and tendencies.

"There was a decided movement in this city in favor of Cleveland four years ago." "Cleveland four years ago.
